Subject : Introduction to the NiVO Quadrone

Dear Sir/Madam,

With due respect,

Through this letter, we, PT Techno GIS Indonesia, a company specializing in geospatial technology with advanced, cost-effective surveying equipment, cloud mapping software, and geospatial data mapping and analysis services in Indonesia, would like to extend our warmest regards. We provide high-precision measurement solutions for various needs in infrastructure projects, topographic mapping, land surveys, and other surveying requirements.

We are proud to introduce one of our flagship products, the **NiVO Quadrone**, a state-of-the-art device designed to meet high-accuracy geospatial surveying needs with exceptional operational efficiency.

The main advantages of the **NiVO Quadrone** include:

- 1. **Compact and Lightweight Design**: Designed with a sleek and portable form, making it easy to operate in locations with limited access.
- 2. **High Flexibility**: Capable of handling various survey missions, including topographic mapping, infrastructure inspection, and environmental monitoring.
- 3. **Data Precision**: Equipped with advanced GNSS technology and a high-resolution camera to produce accurate data tailored to project requirements.
- 4. **Stable Flight Capability**: Advanced stabilization systems ensure safe and reliable flights, even in challenging weather or wind conditions.
- 5. **User-Friendly Operation**: Intuitive user interface makes this drone suitable for both beginners and professionals.

We firmly believe that the NiVO Quadrone can provide tangible benefits to your organization by enhancing the quality and efficiency of your land surveying operations.

For further information or to schedule a meeting, please contact us at +62 274 885879 / +62 813-2552-3979 / info@technogis.co.id. We highly value the opportunity to collaborate with you and explore potential partnerships. By leveraging our expertise and technology, we aim to contribute positively to the advancement of your organization's projects and initiatives.

Once again, we extend our sincere thanks for your attention to this introduction. We look forward to the possibility of working together and establishing a mutually beneficial relationship. Please do not hesitate to contact us should you have any questions or require additional details.

Yours sincerely,

Gen Azza S.Geo
