Subject : Introduction to the NiVO Quadrone Pro

Dear Sir/Madam,

With due respect,

Through this letter, we, PT Techno GIS Indonesia, a company specializing in geospatial technology with advanced, cost-effective surveying equipment, cloud mapping software, and geospatial data mapping and analysis services in Indonesia, would like to extend our warmest regards. We provide high-precision measurement solutions for various needs in infrastructure projects, topographic mapping, land surveys, and other surveying requirements.

We are proud to introduce one of our flagship products, the **NiVO Quadrone Pro**, a cutting-edge drone designed to meet high-accuracy geospatial surveying needs with operational efficiency.

The key advantages of the **NiVO Quadrone Pro** include:

1. **Superior Performance:** Equipped with advanced GNSS technology and high-quality sensors to deliver exceptionally precise data.
2. **Payload Flexibility:** Capable of carrying various payloads, such as high-resolution cameras, multispectral sensors, and LiDAR, making it suitable for diverse survey applications.
3. **Durability and Reliability:** Constructed with high-quality materials and weather-resistant features, ensuring dependable performance in challenging environments.
4. **Extended Flight Time:** Long battery endurance allows for extended flight durations, enhancing operational efficiency in the field.
5. **Ease of Operation:** User-friendly interface and automated navigation system make the NiVO Quadrone Pro easy to operate for both beginners and experts.

We firmly believe that the NiVO Quadrone Pro can provide tangible benefits to your organization by enhancing the quality and efficiency of your land surveying operations.

For further information or to schedule a meeting, please contact us at **+62 274 885879 / +62 813-2552-3979 / info@technogis.co.id**. We highly value the opportunity to collaborate with you and explore potential partnerships. By leveraging our expertise and technology, we aim to contribute positively to the advancement of your organization's projects and initiatives.

Once again, we extend our sincere thanks for your attention to this introduction. We look forward to the possibility of working together and establishing a mutually beneficial relationship. Please do not hesitate to contact us should you have any questions or require additional details.

Yours sincerely,

Gen Azza S. Geo
