Subject : Introduction to the NiVO VTOL V2

Dear Sir/Madam,

With due respect,

Through this letter, we, PT Techno GIS Indonesia, a company specializing in geospatial technology with advanced, cost-effective surveying equipment, cloud mapping software, and geospatial data mapping and analysis services in Indonesia, would like to extend our warmest regards. We provide high-precision measurement solutions for various needs in infrastructure projects, topographic mapping, land surveys, and other surveying requirements.

We are proud to introduce one of our flagship products, the **NiVO VTOL V2**, a state-of-the-art drone designed to meet high-accuracy geospatial surveying needs with exceptional operational efficiency.

The main advantages of the **NiVO VTOL V2** include:

1. **VTOL Technology (Vertical Take-Off and Landing)**: Enables vertical take-off and landing, facilitating operation in confined areas without requiring large runways.
2. **Superior Flight Stability**: Equipped with advanced stabilization systems, ensuring smooth and stable flights even under challenging weather conditions.
3. **Durability and Reliability**: Constructed with high-quality materials and weather-resistant features, ensuring dependable performance in harsh environments.
4. **Optimal Payload Capacity**: Capable of carrying a variety of high-quality sensors and cameras, such as LiDAR and RGB cameras, enabling precise mapping and monitoring.
5. **Ease of Operation**: Features an intuitive user interface and simple control system, making it accessible to users ranging from beginners to professionals.

We firmly believe that the NiVO VTOL V2 can provide tangible benefits to your organization by enhancing the quality and efficiency of your land surveying operations.

For further information or to schedule a meeting, please contact us at **+62 274 885879 / +62 813-2552-3979 / info@technogis.co.id**. We highly value the opportunity to collaborate with you and explore potential partnerships. By leveraging our expertise and technology, we aim to contribute positively to the advancement of your organization's projects and initiatives.

Once again, we extend our sincere thanks for your attention to this introduction. We look forward to the possibility of working together and establishing a mutually beneficial relationship. Please do not hesitate to contact us should you have any questions or require additional details.

Yours sincerely,

Gen Azza S. Geo
